### **1 Declaration** - Read before signing

I declare that I have read and understood the eligibility requirement for receiving an EHIC from the 'Important Information' on the separate sheet accompanying this application. I confirm that I will give correct and accurate information in relation to this application. I understand and accept that if I provide NHS Business Services Authority (NHSBSA) with false or misleading information my application may be delayed and I may be liable for criminal prosecution. I shall inform the NHSBSA if any of the information provided on this application changes. I confirm that the main applicant is ordinarily resident in the UK, meaning they are living in the UK on a lawful basis and are properly settled for the time being, and that they are 16 or over.

I understand that should the main applicant have a change to residency status, move abroad to live or take up work abroad, then they may no longer be entitled to a UK EHIC. In these circumstances the relevant authorities must be informed and, if required, all associated EHICs returned. I understand that the EHIC card does not prove entitlement to NHS services or residency in the UK, and does not constitute proof of identity.

If you use a UK EHIC to access healthcare abroad when you are no longer entitled to it, you may be liable for the full cost of all your treatment received.

A valid EHIC provides card holders with the right to access state-provided healthcare on temporary stays in other European Economic Area (EEA) countries or Switzerland. Treatment should be provided on the same basis as it would be to a resident of that country and is provided in many cases either at reduced cost or, for free. The EHIC covers treatment that is medically necessary until the card holder's planned date of return home. This includes treatment for pre-existing medical conditions.

The EHIC is not an alternative to travel insurance. It is important to have both an EHIC and a valid travel insurance policy in place before you travel.

Entitlement to an EHIC (in all EEA countries) is based on insurability under EU law, and not on a person's nationality. The UK operates a residency-based healthcare system which means that insurability in the UK is generally determined by residency and not by the past or present payment of National Insurance contributions or UK taxes.

If you are **not** a UK, EU/EEA or Swiss national, you need to send evidence that you are ordinarily resident in the UK with your application. Proof could be a visa or UK residence permit.

If you are ordinarily resident and work in the UK, or if you are ordinarily resident in the UK and do not work, then it is likely that you will be considered to be insured by the UK under EU law and will be entitled to apply for a UK EHIC.

If you are not eligible for a UK EHIC you may be eligible for an EHIC issued by another EEA country or Switzerland if you are insured there.

# **Important:**

If your circumstances change you may lose your entitlement to a UK EHIC. If you use your UK EHIC when you are no longer entitled to it, you may be liable for the full cost of treatment received. Circumstances that might lead to you losing your entitlement to a UK EHIC include moving abroad, taking up work abroad or changing your residency status.

There are special rules for pensioners who live abroad, pensioners living in the UK who get a pension from another member state, students studying abroad, workers posted abroad by their employer, those who live in one country but work in another and those who live and/or work in more than one country. If you fall into any of these categories or you are unsure about your eligibility for a UK EHIC, please read 'Access to Healthcare Abroad' or contact the enquiry line on 0300 330 1350 or +44 191 279 0575 if calling from abroad.
